STAT

President

Government Employees Health Association, Inc.
2430 "E" Street, N. W.
Washington, D. C.

STAT

Dear

Enclosed is a proposed contract between the Government Employees Health Association, Incorporated, and the United States Civil Service Commission for the purpose of offering a health benefit plan to members of the Association under Public Law 86-382.

The contract consists of an agreement between the Association and the Commission and three appendices, each of which constitutes a part of the contract as if fully set forth therein. Appendix A is the insurance contract to be issued to your Association by the Mutual Benefit Health and Accident Association and represents the health benefit plan to be provided by the Association to its members. Appendix B sets forth the accounting procedures and specifies the maximum allowable expense that may be charged to the contract and the agreed upon risk charge. Appendix C sets forth certain statistical and reporting requirements.

The insurance contract between your Association and the Mutual Benefit Health and Accident Association is satisfactory to us and will meet the requirements of Public Law 86-382 and our regulations with the changes noted on pages 1, 2, 3, 4, 7, 10, 11, 36, 37, 38, 39, and 40 of the contract.

If you will enter into this contract, as corrected, with the Mutual Benefit Health and Accident Association and return three copies of the final contract along with three signed copies of the enclosed agreement between your Association and the Commission, I will be in a position to accept the contract on behalf of the Commission. Please attach to the insurance contract a copy of your application since in accordance with the terms of the contract, it constitutes a part of the policy. Also, please submit a revised conversion policy applicable to persons enrolled in your plan. The conversion policy previously submitted does not meet our requirements as it contains a waiting period for obstetrical benefits.

Sincerely yours,

Andrew E. Ruddock
